

THE RUSSIAN DEFEAT AT YEN TAI MORE SEVERE THAN AT LIAO YANG

Both Sides Fight With Disregard for Life

Casualties in Both Armies are Very Heavy

Fighting Proceeds Today Along Almost the Entire Front

Japanese Minister in London issues a Bulletin Con- firming the Press Reports of the Heavy Fighting Near Mukden—The Hospitals Prepare for Many Wounded.

St. Petersburg, Oct. 14.—Reports from the front today show that both sides are fighting the battle with complete disregard of life. Positions have been taken, lost, and retaken six and eight times daily at terrible loss. The Russian official reports admit the capture of several guns. General Kuropatkin in a report on the battle of Yen Tai up to 1 p. m. yesterday says:

"Two regiments on our right flank lost heavily. A brigade commander was wounded and a colonel killed. The brigade retired, leaving the artillery behind, but afterward returned and regained the guns, after a desperate assault, with the exception of 16, captured by the Japanese. During the final issue of the battle Wednesday this flank was unsuccessful on account of the Japanese night attack. Our troops were not only compelled to leave their positions, but also lost the guns which had been recovered from the Japanese. We retired to positions where a new front was prepared on Shahnke river."

Rome, Oct. 14.—(Bulletin)—A Tokyo dispatch says that the Russian defeat at Yen Tai has been more severe than at Liao Yang. The Japanese captured more prisoners than in any other engagement of the war, and also took great quantities of ammunition and enough provisions to feed the entire Japanese forces a week.

Harbin, Oct. 14.—The hospital here is preparing for the reception of many officers and 1200 men wounded during the recent fighting before Yen Tai.

Tokyo, Oct. 14.—1 p. m.—Field Marshal Oyama reports that fighting is proceeding today along almost the entire front. The Japanese, he says, are making satisfactory progress.

St. Petersburg, Oct. 14.—Dispatches received this afternoon give further details of the losses of guns, as reported in General Kuropatkin's early dispatch. These dispatches are not official. It is stated that on Wednesday, on the Russian right flank, two regiments lost about 1500 men, one brigade general being wounded and the commander of one of the regiments killed. All the artillery was abandoned but in the afternoon under the command of Col. Ivanov the brigade after a hot fight regained some of the guns, 36 remaining in the hands of the Japanese.

On Wednesday night the Japanese attacked so fiercely that the Russians were forced to give way and abandon all their artillery, consisting of 76 guns. The Russians retreated to the Shahnke river.

RUSSIAN ATTACKS ALL REPULSED.

London, Oct. 13.—Baron Hayashi, the Japanese minister, this morning issued this report from Field Marshal Oyama, confirming the press reports of the fighting near Mukden:

"Near Pensiuh Sin, east of Yen Tai on the Taitse river the enemy's counter attacks were repulsed on all sides, the central and left columns and right army vigorously pursuing the enemy. The central army captured points a few miles east of Yen Tai, taking two field guns and eight ammunition wagons while pursuing the enemy. Also captured field guns and eleven ammunition wagons at Sankualshishan, besides 150 prisoners. Pursuit by right column of the left army is proceeding satisfactorily. The central column of the left army, after repulsing the enemy's strong force, occupied, Wednesday afternoon, Lantzechich, five miles northwest of Yen Tai, capturing sixteen guns. Thereupon it immediately pursued the enemy, who are retreating in disorder, and captured four more guns. The right column of the left army, pursuing the enemy near Selihi river, captured five guns and ammunition wagons."

LOSSES

To Russians in Four Day Battle Estimated at Over Thirty-Seven Thousand Men.

Rome, Oct. 14.—A dispatch from Tokyo to the Giornale di Roma says that General Kuropatkin tried to maintain resistance to the Japanese advancing forces at Yen Tai, but was involved in a general flight. The Russian losses in the four day battle are estimated as follows:

Monday, 6900 killed and wounded.
Tuesday, 12,750.
Wednesday, 7,615.
Thursday, 10,000 killed and wounded.
Total, 37,265.

Papers here today compare General Kuropatkin's tactics with those of Bar at Adowa in the disastrous Abyssinian campaign.

RUSSIANS

Lost Two Whole Batteries in One Engagement in the Battle of Yen Tai.

London, Oct. 14.—The Rome correspondent of the Exchange Telegraph company wires today that a message received in the Italian capital from

Oyama's headquarters reports that the Russians lost during one engagement in the battle of Yen Tai, two whole batteries. All the men and horses were killed by the heavy Japanese fire. The Japanese captured nearly fifty guns.

MORE GUNS

Landed by Japanese For Next General Attack to be Made on Port Arthur.

Rome, Oct. 14.—A message from Shefko states that Admiral Togo has landed 37 large siege guns to be used in the next general attack on Port Arthur.

Baltic Fleet Has Sailed.

London, Oct. 14.—The Copenhagen correspondent of the Exchange Telegraph company today wires that a telegram from Libau to a Danish paper says the Baltic fleet has sailed for the Far East.

Japs at Port Arthur.

London, Oct. 14.—A dispatch to the Central News from Rome today states that the Agenzia Liberia has a dispatch from Shefko saying that the Japanese have captured the last forts at Port Arthur and now occupy the periphery of the town.

KUROPATKIN

Reports Desperate Fighting and Enormous Losses to Both Great Armies.

St. Petersburg, Oct. 14.—There is no sign of the great battle's slackening. General Kuropatkin telegraphs that he ordered the army to resume fighting Friday morning with unabated vigor. He reports that desperate fighting and heavy losses characterized the engagements of Wednesday and Thursday. He says:

"According to reports and to my own observations the fighting was most desperate. We repulsed numerous Japanese attacks and ourselves assumed the offensive. The heroic defense of its advance position by the Toms regiments especially is deserving of mention. During the night our troops on the right flank recaptured at the point of the bayonet a village which had been lost the previous evening. On the left flank severe fighting for the possession of a pass has been continued. Our troops scaled almost inaccessible rocks and held their ground for two days, gradually approaching the enemy. I have not yet received a report of the result of the fight on the left wing. Under the conditions of the fighting the losses are necessarily considerable. I have ordered that the positions we now hold be stubbornly defended."

According to the latest news of the fighting in the direction of Bensiuh the Russians are striving for the possession of a pass. The pass alluded to is presumably Hu pass, which is mentioned in General Sakharoff's telegram of Oct. 11. Hu pass is eight miles due north of Bensiuh. Should this pass fall into the hands of the Russians it would involve the capture of Bensiuh, thus opening up the road to Liaoyang. It is the belief of the general staff General Rennenkampf has not penetrated as far as the Taitse river, but he is co-operating in the attempt to capture Bensiuh.

General Kuropatkin is in the thick of the fighting, and General Sakharoff, his chief of staff, is personally directing reconnaissances. The conflict has been most desperate at the center and on the west flank. The advance guards at those points had to be repeatedly reinforced owing to the great pressure of the Japanese attacks. At nightfall on Oct. 12 the Russian right was withdrawn from its main position, but one of the abandoned positions was retaken at the point of the bayonet during the night. The horrors of Thursday's battle were intensified by bitter cold and rain. General Mischenko, who had been reported to be raiding in Korea, played a conspicuous part in the fighting on the Russian left flank.

RUSSIAN

Victory at Port Arthur—General Stoessel's Report is Dated October 7.

St. Petersburg, Oct. 14.—In the midst of the anxiety and suspense involved in the great fight south of Mukden comes also the first word in many days from the defenders of Port Arthur. While General Stoessel's report of the condition of affairs at Port Arthur is no later than Oct. 7, it shows that the garrison at that time was in unimpaired spirits, making a heroic defense against a series of the most bitter assaults in all the history of sieges.

General Stoessel's report to the czar, which is dated Oct. 7, is as follows: "The Japanese, having increased the number of their guns against the north front, commenced an approach against that section of the fortress the night of Oct. 1, but were stopped by volleys. The Japanese then directed their attack on the extreme right flank, assailing Signal hill, which is situated near the sea, and commenced an attack from Siakhu hill. Having repulsed our sharpshooters, the Japanese occupied Signal hill. At daylight Signal hill was shelled by Russian artillery, after which our companies drove off the Japanese and reoccupied the position. The Japanese are using explosives inclosed in boxes provided with Bickford fuses, which they throw like hand grenades. Our garrison is successfully employing similar weapons."

The most serious feature of General Stoessel's report, from a strategic point of view, is the fact that the Japanese have got a mortar battery in position to bear on the inner fortress.

MURDERED HIS WIFE IS HANGED TODAY

Baltimore, Oct. 14.—Andrew Leonhardt, was hanged in the city jail this morning at 10:05 o'clock for the murder of his wife, Anne, on June 27th last.

SCHOONER

Runs Ashore and Crew of Nine Men Lost in the Sea.

Chatham, Mass., Oct. 14.—The three masted schooner which last night ran ashore on the north bar, a short distance south of the old harbor life saving station, proves to be the British schooner Wentworth of Windsor, N. Z. All hands were lost. When discovered by the life saving crew the surf was so high that all attempts to reach the unfortunate vessel with the surf boat were abortive and the stranded craft was so far from shore that the lines from the breeches buoy would not reach. Under these circumstances the life savers were obliged to wait until this morning in the hope that the sea would fall during the night. The vessel was in a bad position and it was feared that she would break up before morning, and that the crew of 8 or 9 men would be lost.

At an early hour this morning two bodies were picked up on the shore, one being that of a man and the other a woman. They are thought to be the bodies of the captain of the craft and his wife.

CORRAL

Will Cut His Visit to the Fair Short Owing to Marked Discourtesy Shown.

St. Louis, Oct. 14.—No little comment has been caused by the announcement that Senor Ramon Corral, minister of the interior and vice president-elect of Mexico, would leave for the City of Mexico Sunday by way of California. Senor Corral and his party arrived Monday and it was supposed they would make an extended stay at the Fair. Senor Corral came as the personal representative of President Diaz as a special guest of the exposition. It is said that the unexpected termination of the Corral party's visit was due to marked discourtesy shown them. Wednesday night the Mexico commission gave a magnificent banquet and reception. It was expected all of the World's Fair dignitaries would be present, but they were conspicuous by their absence.

SEIZED

By Custom Officials, at Norfolk, Va., Are \$5,000 Worth of Turkish Goods.

Norfolk, Va., Oct. 14.—Acting under instructions from the Treasury department, Special Agent Donnelly and Deputy Collector of Customs Henry have seized goods valued at \$5,000 taken from the naval collier Hannibal. The goods alleged to have been smuggled from Turkey, are stored in the custom house. The commandant of the navy yard has advised the Secretary of the Navy of the seizure.

Two naval officers connected with the battle ship squadron at Gibraltar are alleged to have placed the goods on the collier with instructions to Captain Easton, of the Hannibal, to ship them from this port. All of the stuff was packed in bales with the exception of one lot. Captain Easton said that it was not intended to smuggle the goods into this country.

In the stuff seized is one Turkish carpet valued at \$1,500, and three valuable curios. The goods were all marked and the consignees are scattered from Massachusetts to North Carolina. All of these have been notified of the seizure. The customs duties on the goods amounts to \$2,500. An anonymous letter was received by the officials before the Hannibal arrived telling of the goods aboard.

Fun for the Hogs.

Marion, Mo., Oct. 14.—Mrs. Walker of Elmer, found what she thought was a thread near the heart of a cabbage she was cutting. When she touched the "thread" it wiggled and proved to be a small snake. Since the discovery all the farmers in the vicinity have turned their hogs in the cabbage patches and have stopped making kraut as it is reported that the reptiles which infest cabbage are poisonous in the extreme.

ESTATE

Of Mayor Jones Shows That He Practiced His Golden Rule Teaching.

Toledo, O., Oct. 14.—An inventory of the estate of the late Mayor Jones, filed today shows a value of \$74,912 less than half what was ordinarily expected it would be. Included in the estate are many notes given to secure amounts advanced almost indiscriminately to people in hard luck and worthless shares in companies Mr. Jones had bought to help some "brother" out of a tight hole.

Seven of the world's 14 greatest mountains have never been climbed.

PARDON BOARD DECIDES FATE OF SLAYERS

Murderers of Geyer Must Die in Chair.

After Four Hours Hearing and Deliberation Board Refuses to Interfere in the Case.

Columbus, O., Oct. 14.—Lewis Harmon will be electrocuted Oct. 28 for the murder of George Geyer, the aged farmer, who resided west of this city. The state board of pardons, after more than four hours of hearing and deliberation, refused to interfere with the sentence of the court. With him will go Otis Loveland, his partner in crime, who was also respite 30 days from Sept. 30. This means another of the few double executions that have been experienced at the penitentiary annex. The attorneys of Harmon made an excellent fight for the life of their client against great odds. Pleas of insanity were made in his behalf.

The state board of pardons announced the recommendation for a pardon for Thomas F. Hazen, sent up from Cuyahoga county for five years for robbery in 1903. Lee Cronan, serving a life sentence from Montgomery county for criminal assault, shared the same fortunate lot. Sam Glenn, serving five years from Clinton county for burglary and larceny, had his sentence commuted to two years. The board also recommended the commutation of the sentence of William Wheeler of Knox county, an habitual, serving life, to 20 years.

MILLION

Lost to the World's Fair by Closing the Gates on Sunday, Says President Francis.

St. Louis, Oct. 14.—In a public address delivered before the American Street Railway Association, President Francis declared that the World's Fair has lost at least \$1,000,000 through being compelled to close on Sunday.

The Sama and Linao Moro village in the Philippine section at the World's Fair is the scene of great excitement occasioned by the presence of a tailor and cobbler who are taking measurements for suits and shoes which are to be worn by the natives on their return to their native country. The orders for suits and shoes have filled the Moro hearts with delight, as it means the time when they can depart for home is nearing.

NO CHANCE

For Old Men, Declared Young, and He Attempted to Kill Himself—A Pathetic Case.

Chicago, Ill., Oct. 4.—"Past the age limit." This pathetic excuse for an attempt to take his own life, was found scribbled on a bit of paper beside John S. Young, aged 59 years, who was discovered in his room in the Stafford hotel, on the verge of death from asphyxiation.

"It's the young man's age, what chance have I?" was another note found in the room.

Young, it is said, has made two previous efforts to kill himself. He declared that he had tramped over nearly the entire city in search of work, but was invariably met with the statement, "We want young men only."

The man was removed to the County Hospital, where it is said, he will recover. Young's home is Bloomington, Illinois.

REVOLUTION

In Republic of Santo Domingo is Extending—One Town Under Martial Law.

Cape Haytien, Hayti, Oct. 14.—The revolution in the republic of Santo Domingo is extending. Azua de Compostela, near the south coast, and all the department of the south have declared in favor of Isidoro Jimenez Haytien exiles have gathered near the frontier, preparing to re-enter Hayti and attempt an insurrection against President Nord, in favor of General Firmin, leader of the insurrectionists of 1902. The government is very anxious and is taking energetic measures to meet the situation. The town of Cape Haytien was proclaimed under martial law.

Portland's Fair Next.

Portland Ore., Oct. 14.—"Hitting the Trail" will be a feature of the Lewis and Clark exposition here in 1907. The streets of all nations and general amusement place of the fair has been named the Trail by official act of the exposition authorities. It is said the Trail will be equal and of greater interest to the visitor than the Pike and the Midway of the St. Louis, Chicago and Buffalo Fairs.

REPORT

Prohibiting Remarriage of Divorced Persons is Adopted.

Boston, Oct. 11.—(Bulletin)—The Episcopal general convention today in committee of the whole, adopted the report of the committee on canons, prohibiting the remarriage of divorced persons.

Boston, Oct. 11.—During a two hours' debate on the divorce question by the house of deputies of the Episcopal general convention, both sides appeared to be as far apart as ever, and predictions were freely made that no final action would be taken at this time. Rev. Dr. J. Lewis Parks of New York, on behalf of those who made the minority report on the proposed divorce canon, withdrew their recommendation, but the withdrawal does not mean that there will be any let-up in the fight against the proposal to prohibit clergymen remarrying the innocent person in a divorce suit for infidelity while the former partner lives. The members of the minority considered that the situation would be less complicated by the withdrawal of the report.

POSED

As a Wealthy Race Horse Owner Did This Man Arrested for Embezzlement.

St. Louis, Mo., Oct. 14.—W. R. Eaves, alias R. E. Reed, who for a year or more, it is said, has been posing in Cincinnati, Covington, Minneapolis, Buffalo and other cities as a wealthy race horse owner was arrested Thursday at the Delmar race track. He is charged with having embezzled \$10,000 from the Citizen's National bank at Arlington, Texas, where he was a bookkeeper. He is said by the police to have confessed and agreed to return to Texas without requisition papers. Eaves had \$2630 in his possession when arrested. He said he lost the balance of the \$10,000 in betting. He is charged with having opened the bank safe one night and extracted the money.

GREAT GAINS

For the Democrats Reported From All Interior Counties of New York State.

New York, Oct. 14.—Every day reports are pouring into state headquarters from the election districts up the state. These reports record changes that have occurred since the preliminary canvass was completed nearly a month ago. At that time a report was received from every election district giving the number of votes that could be depended upon for each ticket, with the number of doubtful votes in a separate column.

The most important feature of the entire canvass, in the view of the Democratic managers, is the list of Republicans in each county who have signified their intention of voting the Democratic state ticket. This list is the largest ever known in the history of Democratic campaigning in the state.

Closely typewritten, it fills a huge volume. It is carefully catalogued by counties. The Democratic managers have been astonished by the reports from some of the interior counties. They declare they have never known such a percentage of change in favor of Democrats.

Both Engines Damaged.

Penn. Ind., Oct. 14.—At Prairie Switch, between Huntington and Fort Wayne at 7 o'clock this morning an eastbound passenger train and a westbound mail train on the Pennsylvania railway, came together in a dense fog. The trains are expected to pass at that point and the mail train had not yet reached the clear track. Both engines were damaged but no one was hurt.

Disputed Over Crops.

Memphis, Tenn., Oct. 14.—A fight between Jim Stalling and Dixie Beard, which resulted from a row over gathering crops, Stalling received a wound from which he died and Beard's wife was instantly killed. She was an onlooker and was struck by a stray bullet. Beard's body was also slightly wounded, but he was unhurt. Beard was a tenant on Stalling's place. He is now in jail at Waltham, Mass.

Indiana Town Burns.

Elwood, Ind., Oct. 14.—At 3:30 this morning fire started in the Commercial block at Franklin, five miles south. Almost the entire town was destroyed on account of poor protection and high winds. The loss is estimated at \$10,000.

A large gold fish farm is being conducted at Walden, Ind.

HILL

Addresses Meeting at Wheeling

ABUSE OF INJUNCTION IN LABOR DISPUTES

Is Denounced in forcible Terms by the Speaker.

URGES JURY IN CONTEMPT CASES

Great Crowds Greet Bryan in Indiana. Gorman Sees Parker—The Day's Political News.

Wheeling, W. Va., Oct. 14.—David B. Hill injected a new argument into the Democratic campaign, a condemnation of "government by injunction," and the demand for a law granting a jury trial to persons held in contempt of court for the violation of a restraining order of a federal judge. The announcement, which was accompanied by a full explanation, was greeted with tremendous applause. Mr. Hill recited the history of the use of the injunction in labor disputes and the difficulty of finding an adequate remedy. He declared that a man had the right to quit work when and where he pleased. "The position of the Democratic party upon this subject is right," he concluded. "A Democratic national victory will mean the enactment of the measure mentioned, and 'government by injunction,' as here explained, will no longer exist." Another point as a Democratic argument was also made by Mr. Hill, the election of United States senators by direct vote of the people. Wheeling's reception to Henry G. Davis and his party of campaigners made it necessary to hold two meetings.

Secretary Taft Spoke. New York, Oct. 14.—Many prominent Republicans were present at the ratification meeting and reception tendered by the Union League club to Lieutenant Governor Higgins, Republican candidate for governor, and to his associates on the state ticket. Cornelius N. Bliss, president of the club and treasurer of the national Republican committee, presided. Secretary of War Taft was the orator of the occasion. He devoted a large part of his address to the Philippine question. He made the statement that the Filipinos are not now fitted for self-government, and that they are not likely to be fitted for a generation or more. Mr. Taft held the Democratic party responsible for two years of the Philippine war and also for the present agitation there.

Gorman Sees Parker. New York, Oct. 14.—What is regarded as the most significant conference held during Alton B. Parker's latest visit to New York was one held here with Senator Gorman of Maryland. It became known that the candidate and the senator are in thorough accord regarding the conduct of the campaign, and that everything that had been done is regarded by both as tending toward success. Felicitations were exchanged over the successful efforts that have been made to harmonize all leaders and factions in the party. The work of the campaign, it is now understood, is to be pushed with undiminished vigor.

Feat of Fairbanks. Chicago, Oct. 14.—Senator Charles W. Fairbanks returned to Chicago from his tour to the Pacific coast. He came in over the Rock Island road in the special train in which he had made the journey. The trip began at Chicago on Sept. 23, and has occupied the entire 20 days since, extending not only to the Pacific coast, but along it from Tacoma to San Francisco. The distance traveled was 6,396 miles. Fourteen states were traversed and 111 speeches made. No accident or delay occurred to mar the success of the tour.

Bryan in Indiana. For Wayne, Ind., Oct. 14.—The crowd which greeted William J. Bryan at the political meeting in Princess rink, which concluded the second day of the speaker's tour of Indiana, was one of the largest ever assembled at a political demonstration in Fort Wayne. The speaker's argument followed closely the addresses which he has delivered since the tour began.

Dowie Building a Temple

Chicago, Ill., Oct. 14.—John Alexander Dowie is building a \$1,000,000 temple at Zion City to keep his able followers employed during the winter.

Newark, O., January 8, 1904.

Gentlemen—I write this as an open letter which you are at liberty to use as you desire. I was badly afflicted with Rheumatism for a number of months and suffered great pain almost constantly. My hands were swollen badly and my feet would swell so at times I could scarcely walk. I doctored with the local physicians, and tried many remedies recommended for Rheumatism, but found no relief until I took LIFE PLANT.

I saw your advertisements, and your LIFE PLANT has so many strong testimonials from prominent people who had been cured of Rheumatism by your remedy I concluded to try it. I am happy to state that one bottle cured me entirely. I have no more Rheumatism, no more swelling in my limbs, I am well and LIFE PLANT cured me. I have no hesitancy in pronouncing LIFE PLANT the greatest remedy for Rheumatism in the world, and heartily recommend it to all people so afflicted. I shall be glad to answer any letter of inquiry from afflicted people desiring to consult me.

Wishing you success, I am,

Truly yours,

MISS SADIE PARSONS.

The Life Plant Co., Canton, Ohio.

Newark, O., December 8, 1903.

Gentlemen—My husband had Stomach Trouble very badly. The LIFE PLANT proved a most excellent remedy for him. I do not think he took three bottles in all. He had been under a physician's care, but his medicine did not help him at all. A friend told us of LIFE PLANT and said that a physician had recommended it to his wife when she was recovering from a serious sickness and that it had built her up. These parties live in Columbus. I determined we would try it and got a bottle at Frank Hall's drug store, here. In one week's time my husband felt benefited. He had done no work for some weeks before this—totally unfit for duty. He remained at home for five weeks longer and took your remedy, then went back to work and has not lost one day from sickness since, has had no return of his trouble since. We keep LIFE PLANT in the house all the time and if not feeling just right we take some.

Respectfully yours,

No. 135 Tenth Street.

MRS. A. B. McDONALD.

REDMOND

Who Has Been Touring America Reaches Dublin and Addresses a Meeting.

Dublin, Oct. 14.—When John E. Redmond, newly arrived from his American tour, reached Dublin he was escorted to the rooms of the United Irish league by bands of torchbearers and enthusiastic crowds. Addressing a meeting of the league Mr. Redmond emphasized the unexpected success that had attended his visit to America. He said he believed there was nothing the Irish party could not ask from America so long as they avoided dissension and pursued a sensible policy in pressing towards the great goal of independence. He was glad to find that the prospects at home also had greatly improved, and added that conditions never were so hopeful as now, when their bitterest opponents were coming to recognize the necessity of concessions to Ireland.

DUKE

Injured While Driving Motor Car—A Brother of King Edward Meets With Accident.

Edinburgh, Oct. 14.—The Duke of Connaught, brother of King Edward, while driving in a motor car from Edinburgh to Gosford House, the seat of the Earl of Memyse, had a narrow escape from death and suffered painful injuries, from which he was for a time unconscious. The automobile in which the duke was riding with his aide-de-camp, Major Murray, in passing a streetcar collided with a car. The overhanging portion of the car struck the rear seat of the automobile and carried away that section of the vehicle. The duke was thrown out, with great force.

Witness Threatened.

New York, Oct. 14.—George J. Essig, the complaining witness in the extortion charge against Philip Weinselmer in the trial before Judge Newburger, is protected by a guard of county detectives. Fearful that an attack would be made on the man who has testified against Weinselmer and is responsible for the labor leader's arrest, District Attorney Jerome had three detectives accompany him to his home. Essig said that shortly after Weinselmer's indictment in August he received threatening letters, and that since his testimony against Weinselmer more letters have been received. About three weeks ago he was assaulted by three strange men near his house, beaten over the head and seriously injured.

Bacon In Illinois.

Chicago, Oct. 14.—United States Senator Bacon of Georgia reached Chicago after addressing a Democratic gathering at Elgin, Ill. Senator Bacon discussed the issues of the campaign as he viewed them, declaring Alton B. Parker to be the hope of the south. Two speeches will be made by Senator Bacon in Illinois. He will leave Sunday night for the east, where he will speak in Connecticut and New York.

Mont Pelee Active.

St. Thomas, D. W. I., Oct. 14.—A passenger on board a steamer which passed Mont Pelee on Oct. 11 says the volcano was not in eruption at that time, but was emitting jets of steam. Two high black cones were still projecting from the summit. The side of the mountain presented a dreary, clean-swept appearance, as from a recent eruption.

Destructive Fire.

Kansas City, Oct. 14.—Fire destroyed three buildings of the plant of the United Zinc and Chemical company at Argentine, Kan., a suburb, causing a loss estimated at \$100,000. The storage buildings were saved. Thousands of fish in the Kaw river were killed by acids and chemicals that escaped from the plant into the stream.

Steamer a Total Wreck.

Quebec, Oct. 14.—The steamer St. Lawrence of the North Shore Steamship line, ashore at English Point, is a total wreck. The steamer Aberdeen, which has been sent to the scene of the disaster, has arrived here with 115 passengers, the crew, mails and luggage. The loss is about \$40,000.

Tragic End of Elopement.

Richmond, Va., Oct. 14.—Miss Bessie Stone and Robert Gill, who eloped from Ashland Tuesday, were found dead with their hands clasped near a pond in that vicinity. A bullet hole in the head of each told the story of supposed double suicide or murder and suicide. Miss Stone was shot behind the ear and Gill in the forehead. Gill had taken off his coat and vest. Indications are that he killed the girl and then shot himself.

Iroquois Cases Transferred.

Chicago, Oct. 14.—Peoria county was selected by Judge Kersten as the place for trial in the Iroquois theater manslaughter cases. The prosecution objected but was overruled. Change of venue from Chicago was granted on the ground of prejudice here against the defendants.

WOOL MARKET

Commercial Bulletin Tomorrow Will Say That There is a More Bullish Feeling.

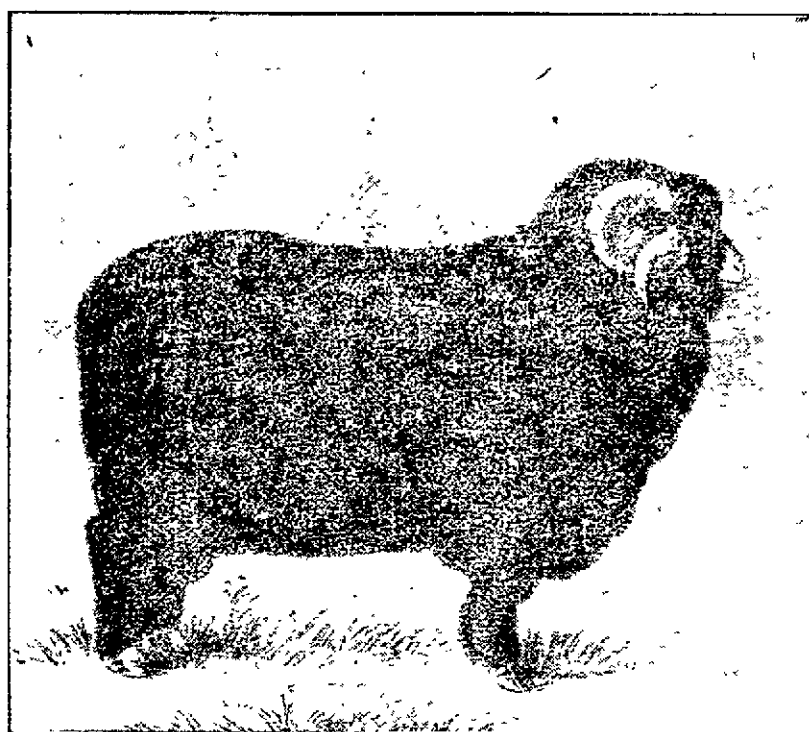

Boston, Oct. 14.—The Commercial Bulletin will say on Saturday:

"There is a more pronounced bullish feeling in the wool market. Business continues good and would be of much or contracts for the indifference of many holders about making further contracts on a steadily rising market. Other houses have little to offer. Stocks and selections are poor. Medium grades are in notably small supply it being estimated that there is not over 1,000,000 pounds of quarter blood left on the market. Prices have been marked up to 30 cents and some 31 cents. Fine territory sells at 60 cents clean. Scoured wools in active demand at higher prices. Foreign advances strong with the Sydney, N. S. W., opening at advancing prices for cross breeds.

"The shipments of wool from Boston to date from December 31, 1903, are 1,219,200 pounds. The receipts to date are 270,475.651 pounds."

All who pay their subscription in advance will be entitled to make estimates on the Licking county vote. \$500 in prizes. See announcement in another column.

LANE ARRESTED IN CHICAGO

Man Who Was Supposed to Have Committed Suicide
Will Return to Ohio and Face Bigamy Charge—
Married a Licking County Girl.

William Lane, who married Miss Eva Eddy of Hartford, this county, at Chicago on September 25, was arrested Thursday night at Chicago and will return to Ohio to face a charge of bigamy. Miss Eddy met Lane at Asheville, N. C., where he posed as an unmarried man. The following telegram to the Advocate from Chicago tells of Lane's capture:

Chicago, Oct. 14.—Three months after he was supposed to have committed suicide in Silver Lake near Bellefontaine, Ohio, where he lived, Wm. P. Lane was arrested last night by detectives on the charge of wife abandonment. In the city hall he was confronted by two tearful women, each of whom said she was his wife. The detectives assert that Lane married Miss Eva Eddy, of Croton, Licking county,

Ohio, since coming to Chicago. When Lane's clothes were found on the banks of Silver Lake in Logan county, Ohio, his wife mourned him as dead, and it was supposed that he committed suicide. Recently, however, Mrs. Lane learned that he had come to Chicago, and it is alleged that he married Miss Eddy under the assumed name of Donald W. Lloyd. In their search for the man the detectives visited several south side churches and finally learned that a man answering the description of Lane had been married a short time ago by the Rev. Guy Hoover, pastor of the First Christian church, Grand Boulevard and Forty-seventh street.

Sheriff Kerr of Logan county, Ohio, identified Lane who says he will sign a waiver to extradition papers and return to Ohio with the sheriff.

Mother and Daughter File Petitions
For Divorce in the Capital
City.

Columbus, O., Oct. 14.—The strange spectacle of a mother and daughter filing divorce petitions simultaneously, was witnessed at the courthouse here yesterday.

The mother, Hattie E. Funston, asks for a separation from her husband on the grounds of cruelty and neglect, stating that upon divers occasions the husband amuses himself with practicing upon her with his fists.

Ethel Dietrich, the daughter, asks for divorce from her better half, Thomas, on the grounds that when they were married she was but 16 years of age and was not legally able to contract marriage. She further claims that one month after her marriage the husband left and she has been without his company ever since.

IS THE REGISTRATION FOR THE
OPENING DAY.

If One More Man Had Registered the
Total Would Have Been
Even 2200.

The total registration in Newark on Thursday, the first day for 1904, was 2199, which shows a large increase over the corresponding first day in 1900, when it was 1693. The gain is 506, which would indicate a big vote being polled at the November election. The figures follow:

First Ward—Precinct A 173, B 160, C 107.

Second Ward—Precinct A 154, B 176, C 122, D 122.

Third Ward—Precinct A 188, B 97, C 175, D 152.

Fourth Ward—Precinct A 129, B 177, C 133, D 167.

Total 2199.

When the books closed at 2 p. m. on the first day only 874 were registered, but business picked up when the registrars returned to work at 4. Between the hours of 4 and 9 o'clock 1325 men registered. The next registration day is Thursday, October 20. Remember all men in Newark who want to vote on November 8, must register this month. There are only three more registration days and the next one is Thursday, October 20.

Filed in Justice Atcherley's Court by
Ella Gary, Emma Renz and
Amanda Hitchcock.

There were three affidavits for peace warrants filed in 'Squire Atcherley's court Thursday afternoon, and Friday morning. One was issued for Stephen Gary, on complaint of his wife, Ella Gary, who says she has just cause to fear that he will kill her. The complainant is a sister-in-law of the defendant, and they live near Kinkersville. Gary gave a \$500 bond the case to be heard October 25. Officer Zergihel brought Gary to court.

Emma Renz swears to about the same thing in an affidavit filed against her husband, Thomas J. Hitchcock, of Riley street, and he also gave a \$100 bond.

Amanda Hitchcock has like fears of her husband. Thomas J. Hitchcock, of Riley street, and he also gave a \$100 bond.

Of the Bank President Was Found
Dead in Bed With Pistol Gripped
in Her Hand.

Russellville, Ky., Oct. 14.—Miss Hester Duncan was found dead in bed yesterday with a bullet in her head and a pistol gripped in her hand. She did not come down to breakfast and a member of the family went to awaken her. The door was locked and after repeated knocking and no response, it was broken open. The family believe that the shooting was accidental as she was very timid and always had a pistol in her room. However, it is alleged that she has been despondent since the accidental death of her brother George last year. She was a daughter of the late Russell Duncan, of Nashville, Tenn. She was living here with her uncle, Geo. B. Edwards, president of the Deposit Bank. She has relatives in Nashville and Louisville.

Have you made a guess on the total vote for President in Licking county at the coming November election? If not you should do so. It costs you nothing but 50 cents paid in advance on your subscription amount One guess for each 50 cents paid. One hundred and thirty-nine premiums given to the ones making the nearest correct guesses. See list in another column.

REGISTRATION DAYS

Every voter in the city of Newark is required to register this year in order to enable him to cast his ballot this fall. Everybody who is by reason of age, legal residence and other qualification of citizenship, eligible to vote for President, Tuesday, November 8, 1904, MUST REGISTER anew this year, regardless of any and all previous registrations.
The days for registration are as follows:

THURSDAY, OCT. 20.
FRIDAY, OCT. 28.
SATURDAY, OCT. 29.

Colorado, Montana and Nevada will go Democratic, and Idaho is doubtful. Delaware, Maryland, West Virginia and the Solid South will cast their entire electoral vote for Parker and Davis. And don't overlook little Rhode Island.

They say they will court martial General Miles if he makes campaign speeches for Parker though General Howard is making stump speeches for Mr. Roosevelt, with the full approbation of the administration. But then, Roosevelt hates all three of the country's greatest heroes—Miles, Dewey and Schley, and would court martial either of them on the slightest pretext.

Wednesday the Stalwart Republicans of Wisconsin held a general conference and decided that they would keep their state ticket in the field. Although Senator Spooner advocated its withdrawal for the purpose of aiding the national and congressional tickets, his views did not prevail, and a unanimous agreement was reached as above. This means that there is to be war to the death between the two Republican factions in Wisconsin, and that the chances of Democratic success in the state are brighter than ever.

There is evidently a determined effort being made by the Republican leaders and newspapers to create the impression that their party has al-

ready won the election, and that it is only a question as to whether its majority shall be phenomenally large, or of moderate proportions. To this end they are putting forth estimates of all kinds, each one tending to show the hopelessness of Democratic prospects. One of these takes the form of a map showing how the different states will cast their votes on election day. These utterances and publications are intended simply to discourage Democratic effort, but they will have just the contrary effect. They will be justly regarded as signs of the real anxiety as to the result which is felt by those who put them forth, and the uncertainty with which they regard to outcome of the voting Democrats everywhere. Instead of being discouraged by these cocksure utterances of their opponents, should regard them as evidences of Republican weakness, and increase their own exertions accordingly.

Connecticut and New Jersey.

A canvass of New Jersey and Connecticut convinces the Democratic managers that once more the old saying, "As goes New York, so go New Jersey and Connecticut," will come true. It requires but a change of a few thousand votes in those two states to land them in the Democratic column. The friends of Bryan and Hearst are numerous in both states, and with very few exceptions they are loyally supporting the Democratic ticket, state and national. The Republicans will, of course, fight desperately to hold New Jersey and Connecticut, and their resources in money and patronage are almost without limit. But in those states, as in New York, Democratic victory is "in the air," and all but the most hide-bound of their partisans admit it.

CONFIDENT

Of Democratic Success in November is Col. Ike Hill, Who Gives Figures For His Belief.

Colonel Ike Hill, who is here from Washington, is very confident of Democratic success in November.
"Why," said he, "the Democratic national executive committee feels sure of electing Parker.
"The committee meets in New York three days of each week, and in their minds Roosevelt is defeated.
"Parker will carry Connecticut, Rhode Island and New Jersey on the speeches of the late Senator Hearst. These speeches are being circulated widely, and these three states will go Democratic on the imperialism issue, in the minds of the committee.
"New York is a cinch, in their minds. Add in Maryland, Delaware and West Virginia. That makes 30 votes. Dubois will deliver the goods in Idaho; so will Clark in Montana, and Teller in Colorado.
"The committee has its minds made up that these states and Nevada, 14 votes in all are safe with 151 in the South. This makes 245, or six more than enough. Why, it's easy, in the minds of the committee.
"They are fighting too, for Indiana, Illinois and Wisconsin. There are 125, 900 votes in Chicago that no man knows where they will land.
"The national congressional committee is sure there will be a Democratic House."

MASSACHUSETTS

Democratic Candidate for Governor Accepts and Defines the Issues of His Campaign.

Brockton, Mass., Oct. 14—William L. Douglas was yesterday formally notified of his nomination for Governor by the Democratic state convention. Prominent Democrats from all over the state attended the ceremonies. Representative John R. Thayer made the notification speech, to which Mr. Douglas replied.
"Speaking of Massachusetts's heavy tariff burden," he said, "it is because Massachusetts is partly cut off from the rest of the country, and is by protected combines deprived of the cheap raw materials to which she is fairly entitled that her more intelligent and enterprising citizens are now agitating for reciprocity with Canada and other countries."

BRYAN'S SUPPORT OF JUDGE PARKER

Earnestness and Sincerity Manifest in Every Speech and in Every Issue of the Commoner--Parker's Support of Bryan in 1896 and 1900 is Now Reciprocated.

Washington, Oct. 14.—Admirers of Mr. Bryan find their good opinion of him vindicated in every issue of the Commoner by his earnest, constant and effective advocacy of the election of Parker and Davis.

When the National Democratic convention adjourned there was the usual effervescence of exultation in the excitable element of the prevailing side of the controversies which were there decided. This soon subsided, and with it whatever sense of irritation it had caused.

Mr. Bryan promptly changed his attitude as the leader of one section of the party in a convention, and addressed himself to his duties as one of the acknowledged leaders of the party as a whole, in its quadrennial struggle to overcome the common enemy. Trusted as he had twice been with the chief honor it could bestow, he doubtless felt the great obligation he was under to prove his worthiness to command by his willingness to obey. He gave no uncertain sound, made no reservation, and left the most skeptical mind no room to doubt the intense earnestness of his support of Democratic principles, and the candidates who represent them in this campaign.

When, then, should any statement be necessary on the subject of Mr. Bryan's good work? Why are not the columns of his paper sufficient evidence of it? The answer is that everybody cannot see his paper, and that persistent efforts are being made by the enemy to weaken the force of his powerful influence by false statements concerning his attitude. These statements would deceive none who see what Mr. Bryan is saying from week to week; but thousands of men who do not see it, and who are devoted

to him, are being falsely told that he does not want Parker elected, and is not laboring to that end. They carry these tactics so far as to say that in certain states the Bryan men are "sulking," they hope that such rumors will cause a feeling of uncertainty among them.

Any Democrat professing friendship for Mr. Bryan is false to that friendship if he aids by his voice or his vote to give the Republican party the victory which Mr. Bryan is laboring with all the force he possesses to prevent.

These things are not said as agreeing with Mr. Bryan's views on the money question, which, as he said in his latest issue, "is not in the campaign," but they are said as recognizing in him a clear intellect a brave heart, and a direct way of fighting.

To sum up the whole matter: When Mr. Bryan was the candidate of the party in 1896, Judge Parker, who differed with him on the money question, supported him cordially because he preferred Democratic to Republican rule. When Mr. Bryan was the candidate again in 1900, Judge Parker again cordially supported him. Now that Judge Parker is the candidate of the party, Mr. Bryan, who differs with him on the money question, cordially supports him because he, too, prefers Democratic to Republican rule. Both are Democrats and both submit to the action of Democratic national conventions.

If Parker and Davis are elected all Democrats will share the honor of the victory. If Parker is defeated let it not be said that it was because of the treachery of Bryan Democrats who refused to follow their leader in support of the ticket.
The united action of Democrats can elect Parker.

REPUBLICAN DECADENCE

The Degeneracy of the Republican Party Under Its Present Leaders Shown by Reference to Its Early Standards and Quotations from Its Leaders of Better Days.

WHAT THE REPUBLICAN PLATFORM OF 1860 SAID.

"Resolved, That the maintenance of the principles promulgated in the Declaration of Independence, and embodied in the Federal Constitution, that all men are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty and the pursuit of happiness; that to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed, is essential to the preservation of our republican institutions."

LOOK ON THAT PICTURE; THEN ON THIS.

The above resolution could not have been adopted by the Republican National Convention of 1904, nor could President Roosevelt speak a word in its favor, for the President and his party are forcing upon the Philippines a government to which they have not consented and will never consent; a government which denies the most fundamental rights of freemen.

REPUBLICANS SUSTAIN THIS CHARGE.

It is not necessary to quote Democratic authority in support of this charge, although all Democrats have united in opposing the Philippine policy of the present Republican national machine. It has been abundantly proven by Republicans of the highest standing who have fought as nobly as unsuccessfully, to hold their party to the great principles of liberty that were once the common heritage of all Americans. A few quotations will be given:

AN INTOLERABLE AND CONSTITUTIONALLY IMPOSSIBLE THING.

"One who has retired from the service, but not from the love of his country, must be pardoned if he finds himself unable to rejoice in the acqui-

sition of lands and forests and mines and commerce, at the cost of the abandonment of the old American idea that a government of absolute power is an intolerable thing, and, under the Constitution of the United States an impossible thing."—Former President Benjamin Harrison, in The North American Review for January, 1901.

TERRITORY ACQUIRED BY CRIMINAL AGGRESSION.

"We do not want, in any event, territorial possessions that have no direct relation to the body of our national domain, and we do not want any territory anywhere that is acquired by criminal aggression."—President Harrison, in article quoted above.

A WORLD POWER WORTHY OF AMERICAN IDEALS.

"Let us not be called a World Power, in any save the good old sense—that of a nation capable of protecting, in all seas, the just rights of its citizens and incapable everywhere of a wanton infringement of the autonomy of other nations."—President Harrison, in article quoted above.

NO BUSINESS THERE.

"The war in the Philippines is not only an expensive war, but it is also unnecessary, uncalled for and unjust. * * * I am and always have been, opposed to the war in the Philippines. We have no business there, and I hope they will soon be left alone to govern themselves."—From * Senator John Sherman, Secretary of State under President McKinley and Secretary of the Treasury under President Hayes.

EXCESSIVE COST.

"If we should keep the Philippine Islands * * * it would mean the increase of our annual expenditures to double what they are now * * * You cannot have an empire without all its attributes, and that means a practical revolution * * * and an abandonment of the belief which the fathers held when they established

the government"—Senator Chauncey M. Depew.

FALSE TO AMERICAN PRINCIPLES.

"I object to the Philippine policy because it antagonizes the principles on which this government was founded."—Hon. David J. Brewer, Justice of the United States Supreme Court.

"Remain true to the principles of liberty, self-government and the rights of man."—Hon. Thomas B. Reed, former Speaker of the House of Representatives.

A SUITABLE FLAG.

"And as for a flag for the Philippine Province, it is easily managed. We can have a special one—our States do it—we can have just our usual flag with the stripes painted black and the stars replaced by the skull and crossbones."—"Mark Twain" in the North American Review.

CRUSH IT.

"Imperialism must be crushed. I think we can do it."—Hon. George S. Boutwell, Secretary of the Treasury under President Grant.

The Democratic Party will give the Filipinos Independent Self-Government.

The Republican Party has Repudiated the Teachings of these Leaders and of Abraham Lincoln.

Those who believe in both will naturally vote for Judge Parker.

APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old. In these days of strenuous competition it is necessary to maintain, as long as possible, one's youthful appearance. It is impossible to do this without retaining a luxuriant growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness. Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use. Herpicide makes an elegant hair dressing as well as Dandruff cure. A GREAT PROPOSITION

Practical Gold Miner from Colorado So Characterizes the Licking Field—Mr. Slatter Says Actual Work at Mine Will Soon Begin.

Mr. C. H. Mishey, who has been engaged in gold mining in the Cripple Creek district in Colorado, for a period of 15 years, came to Newark Wednesday night to visit the families of C. H. Traxler and Mr. O. K. Leech, who are relatives. While here it was but natural for his relatives to tell him about the rich gold find east of Newark, which field is now being developed by the Licking Mining company, under the management of Mr. G. W. Slatter.

Mr. Mishey at once made up his mind to visit the field, and going to the offices of the company introduced himself to Mr. Slatter. The latter, when he found out that Mr. Mishey was an expert gold miner, instead of showing any reluctance in allowing him to visit the gold field, showed him every courtesy and facility for a thorough examination, which the Colorado man made. He returned to Newark Thursday evening and was enthusiastic over the prospects of the field. He said:

"There are better surface indications in the field I examined today, than in most of the Cripple Creek district. I did some panning and have some of the rock which I will test when I get back home. If the same conditions existed anywhere in the Cripple Creek district, a company would be immediately formed and the whole hill mined. The formation of the ground shows it to be a general bearing, tunneled, or treacherous down to bed rock gold bearing quartz veins would undoubtedly be discovered. The rolling country is exactly like that in the Cripple Creek and other gold bearing districts in Colorado."

"The Licking Mining company undoubtedly has a great proposition, but it is hard to convince people in this neighborhood that such is the case, as I am informed by Mr. Slatter. Well, you couldn't teach a Colorado gold miner the possibilities of an Ohio farm, so you can't teach an Ohio farmer or merchant how to mine gold."

"But you mark my words, Mr. Slatter's energy and confidence will be rewarded, and it deserves to be."

Mr. Slatter stated that he expected word most any time now that the heavy mining machinery ordered by the company had been shipped and promised that in two or at the most three months he would be taking gold out of the ground.

Mr. Slatter, who abandoned his Alaskan trip to develop the Newark property, has shown his confidence in the proposition by giving his time and money to it and further by purchasing a tract of land near that under lease by the mining company, which has been organized to develop the field.

RECEPTION

TENDERED REV. L. C. SPARKS AND FAMILY

First Methodist Church Was Crowded. Mr. I. M. Phillips Presided—An Enjoyable Program.

The members of the First M. E. church gave a big reception to Rev. L. C. Sparks and family on Thursday evening, in honor of Mr. Sparks' return to this church for two more years by the district conference.

The church was crowded and Mr. I. M. Phillips, member of the official board, presided.

Five-minute addresses congratulatory to Mr. Sparks as well as the church, were made by Judge C. W. Seward, representing the official board; Mrs. M. D. Hartshorn, the Ladies' Aid Society; Mrs. Wright, the Home Missionary Society; Mrs. Elizabeth Hoagland, the Foreign Missionary Society; Mr. J. A. Tait, the Epworth League; Mr. E. S. Randolph, the Sunday school, and Mr. George H. McClain, the ushers.

Mr. Sparks responded thanking the members of the church at large, as well as the representatives of the various departments for the evidence of kindly feeling and the spirit of hearty co-operation that has, always been shown.

Rev. T. W. Locke, pastor of the East Main street church, also spoke.

A musical program was carried out consisting of the following numbers: Piano duet, Misses Helen Bower and Vida Schauk.

Vocal solo, by Mr. Cosway Mrs. Cora Laird Mr. Ben Hoover and Mr. J. W. Green.

The church was beautifully decorated with potted plants and autumn leaves, and the Epworth League colors were tastefully arranged.

Coffee and cake were served and everyone had a sociable and enjoyable time.

OHIO BREWERS

Choose New Officers—Secretary Miller on the Brannock Law—The List of Officers.

Columbus, O., Oct. 14.—The Ohio Brewers' Association elected these officers: Louis Volk, Toledo president; Ernest Mueller, Cleveland, vice president; Paul Esselborn, Portsmouth, treasurer; Joseph Miller, Cincinnati, secretary; Lewis Hauck (Cincinnati), Adam Shampz (Dayton), C. J. Hoster (Columbus) and Charles Noil (Lancaster), Executive Board.

Albert Lackman of Cincinnati, the retiring President, was presented with a loving cup. There was no fight on the re-election of Joe Miller as secretary, as has been rumored for some time.

In response to a question if the association had criticized Governor Herrick, Secretary Miller said: "This is a business organization, and politics are not discussed. Our advisory board will take up such matters at the proper time. I will say that we have closed more saloons than the Anti-Saloon League with the Brannock law, and this action on our part has been in conformity with the resolution adopted at the Cincinnati meeting a year ago, when we declared that we would not 'sell beer to places of ill repute.' The output of beer during the past summer has increased, and we continue to increase, for the reason that beer is a healthful drink because of its tonic."

POCKET PICKED

STEPS FROM TRAIN AND LOSSES \$300 AT LANCASTER.

Wires Home for Money—A Lancaster Man Drives a Spike Through His Leg.

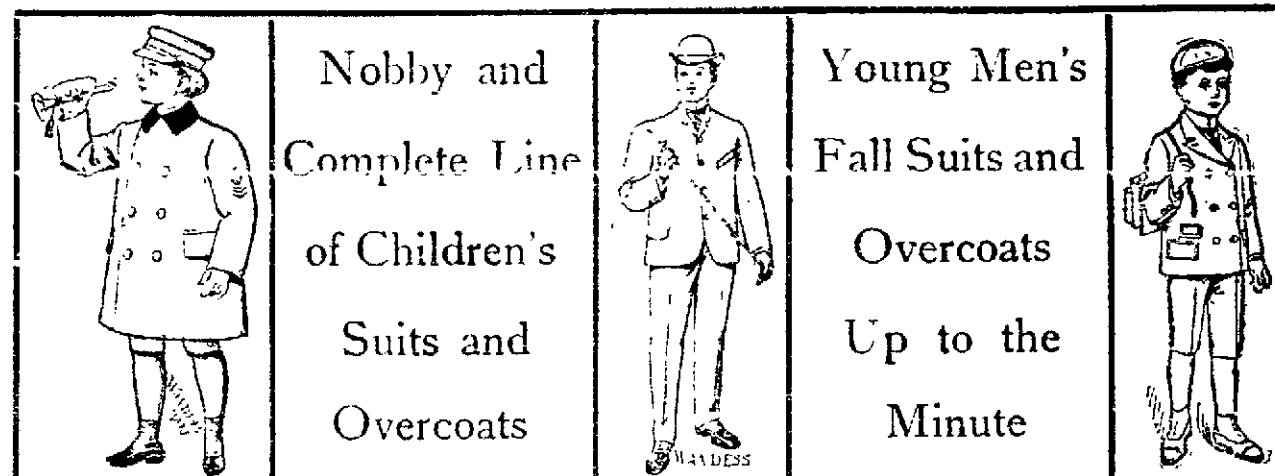

Lancaster, O., Oct. 14.—Attorney J. W. Dolby, and wife, of McArthur, started for the World's Fair and while Mr. Dolby stepped from the train a moment here, he was robbed of \$300 in money and his watch by some pickpocket. He went to Columbus and from there wired home for more funds.

While J. W. Jamison, a gas man, was driving a spike in a pump flooring, near North Berne, he made a misstep with a sledge and drove a spike clear through his leg. He is in a serious condition.

IN MEMORY

Elks Will Honor Late Exalted Ruler Saturday Night at Their Club Rooms.

Out of compliment to their late past grand exalted ruler, Meade D. Detweiler, who died last June at his home in Harrisburg Pa., the members of the Elk lodge in this city will hold a private lodge of sorrow at their club rooms, beginning at 8 o'clock Saturday evening. Saturday is the date of Mr. Detweiler's birth. He is the founder of Elkdom and was held in great veneration by Elks all through the country. The grand lodge of Elks has adopted a memorial service for the past grand exalted ruler, and this will be read at the memorial service Saturday evening. Exalted Ruler E. T. Johnson is in St. Louis attending the Fair, but his place tomorrow evening will be

ably filled by another member of the lodge.

The program of exercises will consist of an address by Judge E. W. P. Brister, reading of the memorial report of the grand trustees by Archie Davis, and music. Brother Detweiler accomplished a great deal for the lodge of Elks, and it is but proper that his memory should be honored. The officers of the local lodge hope for a large attendance tomorrow night.

Night school on Monday, Wednesday and Friday evenings, at Bliss College. Enter now.

CINCINNATI EXCURSION.

On Sunday, October 16th, the Baltimore & Ohio railroad will sell excursion tickets, Newark to Cincinnati. Fare for the round trip \$2.50. Special train will leave Newark at 5:35 a. m., returning will leave Cincinnati at 7 p. m.

If you are employed during the day attend the night school at Bliss College.

Stockman Says if Elected Will Choose His Own Vice President—Needs No Convention.

New Lexington, O., Oct. 14.—William H. Stockman, the eccentric politician, states that he is in the field this year to win, and neither Roosevelt nor Parker will stand a ghost of a show of being elected. When asked if he would hold a convention and nominate himself for the presidency he stated that it was not at all necessary, as the people throughout the country know he is a candidate. He also said that he would not select a candidate for vice president, but, if elected, would then choose a man for this office himself.

CHRONIC SORES

Wheeling, W. Va., May 28, 1933.
Some years ago while at work, I fell over a truck and severely injured both of my shins. My blood became poisoned as a result, and the doctor told me I would have running sores for life, and that if they were healed up the result would be fatal. Under this discouraging report I left off their treatment and resorted to the use of S. S. S. Its effects were prompt and gratifying. It took only a short while for the medicine to entirely cure up the sores, and I am not dead as the doctors intimated, nor have the sores ever broke out again. Some 12 years have elapsed since what I have described occurred. Having been so signally benefited by its use I can heartily recommend it as the one great blood purifier.

SSS

Chronic sores start often from a pimple, scratch, bruise or boil, and while salves, washes and powders are beneficial, the unhealthy matter in the blood must be driven out or the sore will continue to eat and spread. S. S. S. reaches these old sores through the blood, removes all impurities and poisons, builds up the entire system and strengthens the circulation. S. S. S. is a blood purifier and tonic combined. Contains no mineral whatever but is guaranteed purely vegetable. If you have an old sore write us and our physicians will advise without charge. Book on diseases of the blood free.

NEWARK HIGH WON

An Exciting Game of Football from Meridith College Zanesville--The Visitors at No Time Had a Chance to Win--Score 18 to 0.

The Meridith Business College football team was defeated by the Newark High school team 18 to 0 at Y. M. C. A. field Thursday afternoon in a hotly contested game, although the local eleven was at no time in danger of defeat. The ball was almost constantly in Meridith territory, and only once did the visitors by a series of end runs and straight bucks on tackle succeed in getting the ball in Newark territory anywhere near their opponents' goal.

There were several players on the Newark team whose work was of the stellar variety. The best ground gainer was Fullback Lippincott, who not only carried the ball many yards with terrific line plunges for short gains each time, but aided by Pine's interference, he made one run of 40 yards around Meridith's right end and was only downed when eight yards from the visitors' goal. A few line plunges brought the ball to the one yard, and Lippincott was pushed over for the first time. Pine kicked a rather difficult goal. Lippincott again distinguished himself later in the game by bucking straight through Meridith's line for a gain of 30 yards. Stuck opening up the opposing line.

Nehls at center was, as usual, a tower of strength and his husky form could frequently be seen breaking through and smashing up the Meridith interference, and occasionally he himself made fine tackles, always throwing the runner for a loss.

On defense Conley played a fine game at end, and some of his tackles were beauties.

Hershberger played in better form than at any time this season and barring a fumble his work was all that could be expected.

Pine as usual was a star, and made several nice runs. Stuck could always be depended upon and Mitchell, Miller, Prior, Moore and Kinsey all played good football. The magnificent condition of the Newark players was at all times in evidence, and very little time was taken out for them, but there was hardly a scrimmage in which one or more of the visitors were not knocked out, which made the game rather slow and tedious.

The High school team made two touchdowns in the first half and one in the second half, from all of which Pine kicked pretty goals.

The same team will play a return game in Zanesville on Saturday, October 22. The teams Thursday lined up as follows:

Newark	Center	Meridith
Nehls	Francis
Mitchell	Dixon
Miller	McIntire
Prior	Hunter
Stuck	Jack
Conley	R. Johnson
Moore	Carnale
Goodwin	H. Johnson
Hershberger	Ebright
Pine	Phillips
Lippincott	McCammon

Touchdowns, Lippincott, Stuck and Hershberger; referee, Harshorn; High school; umpire, Dodd; Meridith; linesman for Newark, Homer Jones; timekeeper for Newark, Julian Spicer; 20 minute halves.

Heidelberg's Strong Team.

Caleb Sickles, the Indian who is re-membered by every Newark baseball fan, as a star center fielder, is coaching the Heidelberg team and has developed the best team the Tiffin Institution has ever had. Heidelberg plays Denison on October 22.

Sunday's Benefit Game.

Don't forget the big benefit baseball game to be played at Idlewild Park Sunday afternoon by a team captained by "Lefty" Snyder on which will play Joe Doyle, Snodgrass and Taylor, and the strong Rutledge Bros. team.

If the weather is fine a good game is assured, and a big crowd.

Attell's Claim of Foul Disallowed by the Referee.

St. Louis, Oct. 14.—Tommy Sullivan of Brooklyn was given the decision over Abe Attell of San Francisco in the fifth round of what was to have been a 20-round contest. Attell went out with a low left upper to the stomach. He dropped to the floor, rolling about in apparent agony, and claiming a foul. The decision of the referee was withheld for five minutes until examination had been made by three physicians. As the doctors found no signs of a foul the decision was given to Sullivan. The fight was a fine exhibition of science in which neither man received much punishment. In the first three rounds Attell seemed to have slightly the better of it.

O. S. U. Star Quarter May Not Play Saturday—Michigan Made 72 Points in 22 1-2 Minutes.

The speed of this year's Michigan team may be imagined when it is stated that the 72 points that Yost's machine scored against Chicago College of Physicians and Surgeons were made in 22 1-2 minutes of actual play. The halves were to have been 15 minutes each, but the second was shortened to 7 1-2 minutes on account of darkness.

Newark enthusiasts who attend the O. S. U.-Michigan game tomorrow may expect to see the fastest football team today in the United States, when Captain Heston's men get into action.

The Michigan team are to arrive this afternoon and will be quartered at the Southern hotel. It is said in Columbus that "Bo" Foss, O. S. U.'s star quarter is suffering with a wrenched

Charles Kline of This City, Writes From World's Fair About a Few of the Sights.

St. Louis, Mo., Oct. 13.—About every newspaper, magazine and periodical of any kind one picks up of late contain articles on the great Louisiana Purchase Exposition. And well they should, for the greatest fair the world has ever known is now in progress. So much to be written, an article from the pen of a novice like myself will hardly be appreciated. I will not attempt to describe the great fair itself—only a genius could portray its greatness and grandeur, besides this is the theme writers usually select. In this letter to my friends at Newark I wish to just give some testimony. Will tell about the Great Pike, that common center of the Fair, where there is a coming together of people from every corner of the globe.

Here in a bewildering, surging mass of humanity one jostles with sages from the Orient, Indians from the plains, and hardy natives from the steppes of Russia. Giant Patagonians are encountered and Arabs from the desert of Sahara. There are swarthy Moors in direct contrast with fair-haired and blue-eyed Caucasians, furred Eskimos rub shoulders with almost nude natives from equatorial Egypt. There are dancing dervishes, cowboys, Mexicans, Chinamen galore, suffice it to say people are here from every clime.

Much in evidence are the horny-handed cousins off the farm. It is amusing to watch them, either standing around as if hypnotized, holding tight to their lunch baskets, or with the glare of stamped cattle they wander aimlessly along, holding hands, always fearful every stranger is a bunco man.

The Pike, which is less than a half mile in length, is solely a pandemonium of wild excitement, noise and crowds. It is estimated 100,000 people tread up and down the thoroughfare daily. The feature of the street is crude sideshows, weird fortune tellers and a thousand and one fakirs to gather in shekels from the unwary. Tinsel bedecked and painted women in scant attire are everywhere, enticing the "innocents" into their dancing places. Most of the concessions are the very best kind of fakes, but a few are interesting. The clever, experienced old concessionaires spend most of the money on the exterior and entrance. Human nature is simple and unchangeable. It will go where the entrance is most attractive. We defy any of the readers of this article to keep away from "Hereafter" when they behold its exquisitely lighted entrance, with vistas of gauze and delicate gold network, although warned it is a fake of the first water.

So, too, Russia is pronounced very poor, although she has persuasive "barkers" and attractive signs alluding to Siberia. "Creation" with its majestic entrance and loudly running water is beyond resistance, but poor. The Irish village has been a failure from a money point of view, although her cafe is popular. Here's one of the few places on the Pike to get beer at beer prices. The famous Dublin band is enmeshed and plays delightfully.

"The Streets of Cairo," "Mysterious Asia," "Constantinople," "Streets of India," and several other similar affairs are not very distinct from each other. All have the usual car-splitting Oriental music, generally vulgar Oriental dancing, camel back riding, etc. "Cairo" presents fire eaters sword swallowers, very thrilling sword duels etc. Here, also, are found the howling dervishes giving their 30 minute uninterrupted whir.

The cliff dwellers are believed to be the descendants of the first inhabitants of America. It is said only 300 are now existing and they will soon be extinct. Sixty of these are at the Fair. They are quiet and refined without paint or feathers. The Laplanders are bright little people in fur, who climb in and out of their imitation snow houses, quite an interesting show. The "Chinese village" is large and handsome, but almost identical with "Fair Japan." Both passable attractions. China for chop suey. Japan for tea. Temple of Mirth is an amusing 10 cent attraction on the optical illusion order—good. The "Galveston Flood" is a large, but not considered good attraction at the far end of the Pike. Near it is the naval exhibit, which, although automatic and miniature is very popular. An exact imitation is given of a naval battle, the boats being managed by electric wires under the water. Performances are given at intervals and the explosions are quite terrifying.

"Battle Abbey" is an enormous grey stone structure with towers representing an old federal fortress. Within are panoramas of American battles.

A good attraction is "Hale's Fire Fighters" a corps of the fire department of Kansas City. The high burning buildings, the rescues of real people from real fire form an exciting entertainment.

"New York to the North Pole" is just outside the Pike and her outside appearance is the grandest of them all. Piles of imitation ice and snow encompass a ship in the Arctic. The sight is so real one almost has to shiver. But inside it's all a deception which so delight the grown up children and caused Barnum to say "The American people love to be deceived." Besides the large concessions there are, of

IN GOOD FAITH

We Offer to Refund the Price of Vinol if It Does Not Give Satisfaction.

IMPORTANT ANNOUNCEMENT BY DRUGGIST FRANK D. HALL.

Since we originated the idea of selling Vinol on the "money back if not satisfied" plan, many other manufacturers have begun to advertise their goods on the same plan, and because of the fact that many of them are not acting in good faith, in regard to returning money to dissatisfied purchasers, or attach such exacting conditions to their "guarantee to return your money" that the public has become suspicious.

Now we want our customers and everybody in Newark to understand distinctly once for all that here is not, and never has been, a "string on" the Vinol guarantee. If you buy Vinol from us, use it in good faith, and find after a fair trial that it cannot benefit your case, we will positively agree to return your money without question. We require you to sign no statement, or refer to your friends as to your honesty—your word is good enough for us.

We simply mean what we say when we guarantee Vinol, for we know of no remedy that is more universally successful than Vinol, and although a hundred thousand dollars was spent last year in advertising Vinol on this plan, not one-half of one per cent of the thousands upon thousands of bottles sold were brought back to the druggist as unsatisfactory.

Was there ever such a record made by a medicine before? This must prove that Vinol was successful in more than 99 1-2 per cent of the cases in which it was used.

This is easily accounted for when you remember that Vinol is an improved and up-to-date form of one of the oldest and best remedies known to mankind—cod liver oil. It gives you the medicinal body building elements of the famous old remedy in a highly concentrated and delicious form, but without oil or grease to upset the stomach and retard its work, making it doubly potent and popular, both with the profession and the people. Frank D. Hall, Druggist.

Your're it! Not unless you wear a tag on "Tag Day," October 22, 10-14-32.

Here's one of the few places on the Pike to get beer at beer prices. The famous Dublin band is enmeshed and plays delightfully.

"The Streets of Cairo," "Mysterious Asia," "Constantinople," "Streets of India," and several other similar affairs are not very distinct from each other. All have the usual car-splitting Oriental music, generally vulgar Oriental dancing, camel back riding, etc. "Cairo" presents fire eaters sword swallowers, very thrilling sword duels etc. Here, also, are found the howling dervishes giving their 30 minute uninterrupted whir.

The cliff dwellers are believed to be the descendants of the first inhabitants of America. It is said only 300 are now existing and they will soon be extinct. Sixty of these are at the Fair. They are quiet and refined without paint or feathers. The Laplanders are bright little people in fur, who climb in and out of their imitation snow houses, quite an interesting show. The "Chinese village" is large and handsome, but almost identical with "Fair Japan." Both passable attractions. China for chop suey. Japan for tea. Temple of Mirth is an amusing 10 cent attraction on the optical illusion order—good. The "Galveston Flood" is a large, but not considered good attraction at the far end of the Pike. Near it is the naval exhibit, which, although automatic and miniature is very popular. An exact imitation is given of a naval battle, the boats being managed by electric wires under the water. Performances are given at intervals and the explosions are quite terrifying.

"Battle Abbey" is an enormous grey stone structure with towers representing an old federal fortress. Within are panoramas of American battles.

A good attraction is "Hale's Fire Fighters" a corps of the fire department of Kansas City. The high burning buildings, the rescues of real people from real fire form an exciting entertainment.

"New York to the North Pole" is just outside the Pike and her outside appearance is the grandest of them all. Piles of imitation ice and snow encompass a ship in the Arctic. The sight is so real one almost has to shiver. But inside it's all a deception which so delight the grown up children and caused Barnum to say "The American people love to be deceived." Charles Kline of This City, Writes From World's Fair About a Few of the Sights.

St. Louis, Mo., Oct. 13.—About every newspaper, magazine and periodical of any kind one picks up of late contain articles on the great Louisiana Purchase Exposition. And well they should, for the greatest fair the world has ever known is now in progress. So much to be written, an article from the pen of a novice like myself will hardly be appreciated. I will not attempt to describe the great fair itself—only a genius could portray its greatness and grandeur, besides this is the theme writers usually select. In this letter to my friends at Newark I wish to just give some testimony. Will tell about the Great Pike, that common center of the Fair, where there is a coming together of people from every corner of the globe.

Here in a bewildering, surging mass of humanity one jostles with sages from the Orient, Indians from the plains, and hardy natives from the steppes of Russia. Giant Patagonians are encountered and Arabs from the desert of Sahara. There are swarthy Moors in direct contrast with fair-haired and blue-eyed Caucasians, furred Eskimos rub shoulders with almost nude natives from equatorial Egypt. There are dancing dervishes, cowboys, Mexicans, Chinamen galore, suffice it to say people are here from every clime.

Much in evidence are the horny-handed cousins off the farm. It is amusing to watch them, either standing around as if hypnotized, holding tight to their lunch baskets, or with the glare of stamped cattle they wander aimlessly along, holding hands, always fearful every stranger is a bunco man.

The Pike, which is less than a half mile in length, is solely a pandemonium of wild excitement, noise and crowds. It is estimated 100,000 people tread up and down the thoroughfare daily. The feature of the street is crude sideshows, weird fortune tellers and a thousand and one fakirs to gather in shekels from the unwary. Tinsel bedecked and painted women in scant attire are everywhere, enticing the "innocents" into their dancing places. Most of the concessions are the very best kind of fakes, but a few are interesting. The clever, experienced old concessionaires spend most of the money on the exterior and entrance. Human nature is simple and unchangeable. It will go where the entrance is most attractive. We defy any of the readers of this article to keep away from "Hereafter" when they behold its exquisitely lighted entrance, with vistas of gauze and delicate gold network, although warned it is a fake of the first water.

So, too, Russia is pronounced very poor, although she has persuasive "barkers" and attractive signs alluding to Siberia. "Creation" with its majestic entrance and loudly running water is beyond resistance, but poor. The Irish village has been a failure from a money point of view, although her cafe is popular. Miss Nettie Blackmore, Minneapolis, tells how any young woman may be permanently cured of monthly pains by taking Lydia E. Pinkham's Vegetable Compound.

"YOUNG WOMEN:—I had frequent headaches of a severe nature, dark spots before my eyes, and at my menstrual periods I suffered untold agony. A member of the lodge advised me to try Lydia E. Pinkham's Vegetable Compound, but I only scorned good advice and felt that my case was hopeless, but she kept at me until I bought a bottle and started taking it. I soon had the best reason in the world to change my opinion of the medicine, as each day my health improved, and finally I was entirely without pain at my menstruation periods. I am most grateful."—NETTIE BLACKMORE, 28 Central Ave., Minneapolis, Minn.

Painful Periods

are quickly and permanently overcome by Lydia E. Pinkham's Vegetable Compound. The above letter is only one of hundreds of thousands which prove this statement to be a fact. Menstruation is a severe strain on a woman's vitality, and if it is painful something is wrong. Don't take narcotics to deaden the pain, but remove the cause—perhaps it is caused by irregularity or womb displacements, or the development of a tumor. Whatever it is, Lydia E. Pinkham's Vegetable Compound is guaranteed to cure it.

If there is anything about your case about which you would like special advice, write freely to Mrs. Pinkham. She will treat your letter as strictly confidential. She can surely help you, for no person in America can speak from a wider experience in treating female ills. She has helped hundreds of thousands of women back to health. Her address is Lynn, Mass., and her advice is free. You are very foolish if you do not accept her kind invitation.

Details of Another Case.

"DEAR MRS. PINKHAM:—Ignorance and carelessness is the cause of most of the sufferings of women. I believe that if we properly understood the laws of health we would all be well, but if the sick women only knew the truth about Lydia E. Pinkham's Vegetable Compound, they would be saved much suffering and would soon be cured.

"I used it for five months for a local difficulty which had troubled me for years, and for which I had spent hundreds of dollars in the vain endeavor to rectify. My life forces were being sapped, and I was daily losing my vitality.

"Lydia E. Pinkham's Vegetable Compound cured me completely, and I am now enjoying the best of health, and am most grateful, and only too pleased to endorse such a great remedy."—MISS JENNIE L. EDWARDS, 604 H St., N. W., Washington, D. C.

Mrs. Pinkham, whose address is Lynn, Mass., will answer cheerfully and without cost all letters addressed to her by sick women.

For Strong Drink Fluctuated With the Weather—Husband Given a Divorce.

Chicago, Ill., Oct. 14.—Deciding that a woman whose temperamental peculiarities inclined her to drink liquor to excess whenever the weather changed was not fitted to continue the marriage relation, Judge Dunne granted a divorce to W. H. Granden, 6336 Parnell avenue.

Granden, on the witness stand, swore that his wife kept in the path of sobriety as long as the weather was fine provided that it was not longer than two weeks at a time.

"But if it rained or snowed or blowed or cold wave came or a spell of hot weather set in she would become despondent and drink to excess," said Granden.

"How often has she become intoxicated—as often as once in two weeks?" inquired Judge Dunne.

"Yes, as often as that in good weather, often if the weather was bad," was the reply.

"Considering the uncertainty of the climate in Chicago I guess you are entitled to a decree," said the judge.

Miss Mary Sanders, of Cochran, Ga., was afflicted with asthma and neuralgia for 15 years. She was induced to buy a 50 cent bottle of Hamlin's Wizard Oil and it cured her.

STATE NEWS

Zanesville's Public Building. Washington, Oct. 14.—Andrew Dall & Co., of Cleveland, have been awarded the contract for constructing the public building at Zanesville, Ohio, at \$81,576.

Experiment Not a Success. Sandusky, O., Oct. 14.—Andrew McGregor, of the Vermillion Milling company, tried a new plan to exterminate weasels. He used bisulphide of carbon. The stuff exploded blew him across the pavement and set fire to the mill. McGregor was resuscitated with difficulty, terribly burned, and is in a critical condition. The mill was but slightly damaged.

To Sink a Test Well. The Utica Herald says that the Wehrle stove company of Newark is to have a test well sunk near its plant at the west edge of the city, hoping to get gas for the foundry. Mr. Kinsey will do the work, starting in a few days.

Strike Not Settled. Cincinnati, O., Oct. 14.—The strike of the coal drivers has not yet been settled. The action of the courts and the watchfulness of the police, coupled with the advice of the labor leaders to the strikers to refrain from violence, has mitigated the trouble. The Coal Dealers' association, having been requested to make a statement of the situation to Mayor Fleischmann, complied. They said that last March they voluntarily raised the wages of drivers and agreed to continue it for one year and would not discriminate against union men. This agreement has been faithfully kept, yet the men left their employment. Their places have been filled to some extent, and the dealers propose to be loyal to these new employees. They offer to employ former drivers without discrimination so far as employment can be given.

Heavy Registration. Columbus, O., Oct. 14.—The first day's registration in Columbus was the heaviest ever known. The board of elections places it at 16,250, a gain of more than 3,000 over the first day last year. Only 72 women registered in the entire city. Cincinnati reports a registration of 39,862, a gain of 7,900 over 1903; Cleveland 24,832, a decided gain over last year; Toledo 12,076, against 5,705 in 1903. Dayton, Youngstown, Newark, Springfield, Canton, Akron and other places report heavy registrations.

Unknown Men Commit Suicide. Bellaire, O., Oct. 14.—The dead bodies of two men, aged about 45 and 55 respectively, were found in the grass along the Ohio river bank just below this city. Investigation shows that they committed suicide by taking carbolic acid, as the bottles found close by were labeled with the above acid, and both had been purchased from a drug store in Wheeling. Nothing to identify them was found. They were well dressed.

Gladden Elected Moderator. Des Moines, Ia., Oct. 14.—After an interesting contest in the triennial convention of the Congregational church, Rev. Washington Gladden of Columbus, O., was elected moderator for the next triennial period. Judge Perry was made first assistant moderator and Rev. H. H. Proctor of Atlanta, Ga., a negro, second assistant moderator.

Fought Over a Sandwich. Lorain, O., Oct. 14.—W. A. White, a colored man employed on railroad construction, lies in the hospital here with his body filled with bird shot. He and Henry Jones, a colored boarding-house keeper of Elyria, O., quarreled over a 5-cent sandwich. Jones is alleged to have shot him. Jones is under arrest.

Played With a Revolver. Warren, O., Oct. 14.—Byron Gildard, the 11-year-old son of J. S. Gildard, a well known insurance man of Warren, was shot and killed by his brother Warren, 15. The boys were toying with a revolver when it was accidentally discharged.

Elect Officers. Lima, O., Oct. 14.—The Woman's Foreign Missionary society, Cincinnati branch, elected the following officers: President, Mrs. Philip Roettlinger, Wyoming, O.; vice president, Mrs. J. R. Mills, Cleveland; corresponding secretary, Mrs. J. L. Townley, Wyoming, O.; recording secretary, Mrs. C. W. Barnes, Delaware, O.; recording treasurer, Mrs. John Kuntz, Cincinnati; disbursing treasurer, Mrs. Charles Boyd, Cincinnati.

Drop of a Coal Train. Toledo, O., Oct. 14.—Six loaded coal cars on the Wheeling and Lake Erie railroad went into the Maumee river, caused by the giving way of a temporary trestle, which took the place of a bridge span carried out by the ice last winter. The engine crossed safely. No lives were lost.

Lamp Caused Blaze. Hamilton, O., Oct. 14.—A lamp exploded in D. W. Scott's country home one mile south of Collinsville, O. The house and all its contents were destroyed and the family barely escaped. The loss is \$2,500.

BROODED

For Twenty-Two Years Over Reverses Which Ended in Edmund Burke Committing Suicide.

Chicago, Oct. 14.—Edmund Burke, an old North Side resident, reputed a millionaire, after brooding for 27 years over the trouble that led to his retirement from business in 1882, died by his own hand at the residence of his son, No. 3 Tower Place Tuesday.

News of the fact that Mr. Burke was self-slain did not reach the astonished friends until the funeral plans were made known.

A revolver shot in the brain cut an end to the mental suffering that for the past two years had become so acute that the veteran merchant had been for periods mentally irresponsible.

The family naturally made no public announcement of the tragic death of its head, and through what is claimed to have been an oversight in the coroner's office, Deputy Coroner Gahan did not enter the report in the regular manner, and it was not until yesterday that the true story of the death was given to the public.

Among those who are familiar with Chicago's early mercantile history, the announcement caused profound regret, for the deceased had been a resident of the city for the past 38 years, and was prominently associated with some of the earliest commercial enterprises. He made a large fortune in the boot and shoe business.

Born in Conway, Mass., in 1838 the late Mr. Burke was, during his earlier years, a schoolmate of Marshall Ples. After receiving a grammar school education he removed to New York, where he began his mercantile career.

Reverses in 1882 so discouraged him that his health was seriously affected, and for some years he traveled in Europe in the hope of recovering his former activity. This was denied him, and for the past few years he has been living with his family, either in Chicago or at a summer home in Michigan.

DEWEY

Out of Politics for Good—Admiral Says He Has Had All Excitement He Desires.

New York, Oct. 14.—Admiral George Dewey is out of politics for good and always. The Admiral is a guest at the Cambridge, having come over with Mrs. Dewey, who wished to do some fall shopping Saturday. He was seen just as he was about to start to make a social call.

"I have come to the city only on a little personal business matter and to keep a few social engagements," said he, "and shall return to Washington on Wednesday."

When asked if he would ever enter politics or could be induced to run for the Presidency in the next campaign, the Admiral laughed and replied:

"No, thank you. I have had about all the excitement I wish for in life. Politics is a game for the young fellows, anyway."

"Who do you think will be elected President this time?" "Ah, now, I'm not going to discuss politics. You know well enough I never do for publication. It would be entirely out of place for me to do so. It's not my business, and I'm glad of it."

The Admiral was equally reticent when asked for an opinion as to the progress of the war in Manchuria.

"It will be time enough," he said, "to study the lessons of that war when it has been fought and we have exact information concerning it at hand. In the meantime it is the part of wisdom, especially for army and navy men, to refrain from discussing it in the public prints."

Admiral Dewey is apparently in fine health and appears to be enjoying life.

Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, an much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about it in preference to any other. It is for sale by all druggists.

ADDRESS	
My estimate on total vote for President at the coming November election is	

REMEMBER—You can subscribe for The Daily Advocate for as many weeks in advance as you wish and receive a guess for every 50 cents paid, or for The Semi-Weekly Advocate and receive two guesses for every year paid in advance, or one guess on every six months' subscription paid in advance.

If you are not already a subscriber to The Advocate, Newark's most enterprising and up-to-date paper, send in your name and 50 cents for a trial subscription of five weeks, and which will entitle you to one guess. If you are already a subscriber, send the paper to a friend for five weeks and receive one guess.

The award will be made by an impartial committee as soon as possible after the official vote is announced by the Board of Elections.

All estimates must be in The Advocate office before 6 o'clock p. m. on November 8th. All letters containing remittances postmarked before 6 p. m. November 8th, will be received and counted.

Make your estimates at once. Make as many estimates as you desire, the only condition being that each shall be accompanied by five weeks' subscription to The Daily Advocate or six months' subscription to The Semi-Weekly Advocate.

CLOAKS.

Everybody says it—You've got the cloak stock of the city.

Its a common remark in our Cloak Room and we invite you to verify it.

While the stock is new, and the styles uncopied, come.

A SECRET

WAS THIS WEDDING KEPT FOR FOUR WEEKS.

Miss Josephine Swartz, Daughter of the Late Joseph Swartz of Newark, Married in Columbus.

Newark people will be interested in learning of the recent marriage of Miss Josephine Swartz, the daughter of the late Joseph Swartz, Esq., who formerly lived in Newark. After Mr. Swartz's death his widow went to Columbus to live with her little daughter some years ago. The gentleman who has been so fortunate as to win the heart and hand of Miss Swartz was Dr. Leon Marshall, a successful young dentist of Columbus. The happy event took place about four weeks ago, the marriage ceremony being performed by Rev. Father Clark of St. Francis church, Columbus, and the wedding was kept a temporary secret until it was divulged several days ago. The Advocate and the numerous Newark friends of the bride extend hearty congratulations.

NEWARK MAN

IS INJURED IN A COLLISION AT CHICAGO.

Frank Ransom, a Colored Porter, One of the Seven Hurt There on Thursday Night.

Frank B. Ransom, 258 North Fourth street, this city, porter on the Baltimore & Ohio railroad, was injured in a collision at Chicago Thursday evening but his injuries are not serious. The following dispatch from Chicago brings the news of the disaster:

Chicago, Oct. 14.—Seven persons were injured last night when a passenger train on the B. & O. collided with the rear of a freight train on the Peoria Marquette railroad at Seventy-fifth street. None of the injured is seriously hurt.

Their names are: Mrs. Ella Miller, Wheeling, W. Va., bruised about left side and face.

Elizabeth Pettorilase, Germantown, Pa., cut on head.

Joseph Shaffield, Deep River, a Mrs. Ambrosia Miller, Janesville, Ia.

J. J. Ames, Denver, Colo.

Frank Ransom, Newark, O.

J. J. Smith, postal clerk.

Fire broke out in the demolished freight cars immediately after the collision and several cars were consumed.

The family living on North Fourth street received a dispatch from Chicago saying that Mr. Ransom was only slightly injured and that he will be home today.

Bliss College students are successful. S-11

A Judicious Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or for an adult, and if for a child they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by all druggists.

BIG LAKE

To be Pumped Dry to Search for Mythical Silver.

Galveston, Tex., Oct. 14.—A joint stock company composed of leading citizens of Leon county, to the number of 25, has been organized for the purpose of pumping the water out of Collins Lake. The lake contains about 30 acres of water and is from five to twelve feet deep. It is anticipated that with the improved machinery which has been ordered the job can be completed within four months. The purpose of this enterprise is to attempt to recover a big six-mile load of Mexican silver which tradition says, was dumped in the lake by the Mexican army during the days of the Texas fight for independence.

IN THEIR ROSE

Fair Co Eds of Appleton College Display the Class Colors.

Appleton, Wis., Oct. 14.—The fair and buxom co-eds at the college in this city have set the pace in loyalty to their alma mater. Desiring to sport the colors of their institution of learning they have adopted the plan of wearing one blue and one white stocking, the college colors.

Two girls from Milwaukee conceived the brilliant idea of wearing different colored stockings, and it spread with great rapidity and has now been adopted by the entire student body of co-eds.

The effect is very dazzling during a scamper in a rainstorm of a scuffle in basket ball.

JEWELS

Worth Over \$20,000 Stolen From an Express Company in Philadelphia Yesterday.

Philadelphia Pa., Oct. 11.—A daring jewelry robbery from one of the express companies, involving the theft of over \$20,000 worth of gems, has been puzzling the detectives in this city for many weeks. One man has been arrested, but nothing against him would justify his being held, and he was released.

Detectives and express company officers alike deny knowledge of the robbery in the hope, presumably, of catching the thief napping, but from a reliable source comes news of the fact that the jewels were taken, and an accurate list of them.

The jewels were being shipped from their resting place in a storage vault in this city to the summer home of their owner, who is a wealthy Philadelphia, prominent in fashionable society, when stolen. They were to have been worn at a fashionable wedding, and their nonappearance caused some comment.

An advertisement containing a description of the diamond necklace appeared in a local newspaper some time after. It was a ruse of the detectives, but was unsuccessful.

Fawnbrokers and the police in this and other large cities have been furnished with a description of all the stolen jewels.

WEDDED

To the Man Who Shot Her Accident-ally is the Young Indiana Woman.

Petersburg, Ind., Oct. 11.—Miss Anna Toler who was accidentally shot several weeks ago has been married to Jerry Keith, whose revolver was the cause of the accident. The young woman and her sister were out driving with the former's sweetheart, Jerry Keith, and she was holding his revolver when the front wheels of the buggy ran into a rut across the road, throwing all the occupants to the bottom of the buggy and causing the weapon to explode.

The ball entered the ribs of the left breast, directly over the heart, passed through the left lung and came out between the shoulders.

Miss Toler lingered between life and death for several weeks, and the ceremony was pronounced while she sat up in bed propped by pillows.

A Peace Conference.

Berlin, Oct. 14.—The Tageblatt declares today on high diplomatic authority that President Roosevelt intends to invite the powers to an international peace conference before the American elections and complete the arrangements afterwards.

Her Condition Still Serious.

London, Oct. 14.—The morning bulletin issued at Walmer Castle states that Lady Curzon passed a quiet night. The seriousness of her condition, however, has not diminished.

Dr. Corfe, British Bishop of Korea, who has been trying for years to learn the Korean language, has given up in despair and resigned.
